Attention Sister Agency Providers: Federal Medical Assistance Percentages (FMAP) Rates Based on Date of Service for FFY20

Effective October 4, 2019, the Federal Medical Assistance Percentages (FMAP) rates were updated in the Medicaid Management Information System (MMIS) to pay the correct rates for claims for Federal Fiscal Year 2020 (October 1, 2019, through September 30, 2020). Beginning in FFY20, the MMIS will use the FMAP rate based on the date of service instead of the date of submission. This change in claim adjudication process was requested by Division of Health Care Financing and Policy (DHCFP) sister agency providers to minimize annual cost settlements for Certified Public Expenditures.
